Compatibility with JoomlaXi
Posted by VDmitry - 2010/08/28 20:38

Hello Edwin!

I would check compotibility with JoomlaXi User Search and JomSocial Profile Types before order its. Could you write anythink about it?

Br, Dmitry.

We never reviewed JoomlaXi.
So please send us this extension in the attachment of an email.
Our email is in the contact us.

If this is an extension for Joomla 1.5.x, this should be ok but will be checked if you send us the extensions.
