Error stream_set_blocking(): Argument #1 (\$stream) Posted by erickhm - 2023/03/02 19:06

When I want to access the multisite administration panel, I get the following error:

stream_set_blocking(): Argument #1 (\$stream) must be of type resource, bool given

Does anyone have a solution to this error?

Joomla version: 3.10.11 PHP Version: 8.1.1

JMS multisite version: 1.3.85
