This JMS multisite patch definition modifies the patch for AcyMailing.
The objective is to ignore the installation of the patch when using a "starter" AcyMailing that does not contain any license (free version).

Add JMS Tools (install) definitions for :

- Community ACL,
- JCalPro,
- HD FLV Player,
- Modules Anywhere,
- pure css tooltip,
- Shipseeker

Add sharing definition for:

- - JCalPro,
- ALinkExchanger,
