Update the AceSEF patch to be compatible with AceSEF version 1.5.x

The new patch try to identify the signature of AceSEF 1.3.x and 1.5.x to apply the patches that correspond to the appropriate version of AceSEF.

The new patch is required due to refactoring of AceSEF 1.5.x.

This new patch is required for AceSEF 1.5.x or an error may be raised during the installation of the patches and result by the "uninstall" of all patches with the impossibilty to re-install the patches.
