

## Fatal error: Class 'MultisitesController' notfound

Posted by jsowler - 2009/09/02 06:21

---

Im getting this error when i uninstall the jms component.

Fatal error: Class 'MultisitesController' not found in  
/home/foodtabs/public\_html/administrator/components/com\_multisites/patches/joomla/check\_jms\_vers.php on line 37

Joomla Multi Sites version: 1.2.0 RC4  
Joomla 1.5.11

Please Help

I need to upgrade the jms

Thanks,

=====
