User Sharing Posted by francoisp - 2010/08/03 14:21	
Hi there	
I have installed JMS and my slave sites are fine. Users accounts are shared. One question - login at Say Site B and go to SIte C - how can I make sure that the users dont have to re-logent site? I mean the user is authenticated on site A but when the users visit site B C or who to login again?	gin at the
Any help will be appreciated!	
Thanks!
