order problem

Posted by mcm - 2010/08/25 12:48

Hello, I tried to order yesterday, but ran into trouble with the credit card method. No response from the contact page today either.
Does anyone know how I could change my order to Paypal? (if it's possible to do it myself) By what method do y'all get administrative responses best?

Thanks,
M-C

You can not modifed the payment method once you have completed the order.
You have to re-create a new order
