Is there a free version available for testing?

Posted by mediaslave - 2010/09/24 16:50

I would like to test this first as I have specific needs. Is there a free version available.

Even if it is limited to the amount of sites. I am sure there was a free version.

There is no limit in the number of site.
No we do not provide trial version or free version.
See FAQ http://www.jms2win.com/faq#sec-15
