## JMS, multisite for joomla - Joomla Multiple Sites and user sharing

Generated: 3 November, 2025, 21:16 Tutorials do not load Posted by Batch1211 - 2010/11/29 19:08 Hi there, first of all, thank you for the great product. Your tutorial videos don't load properly. They often stop in the middle and do not restart to load. It's quite a bit frustrating... How about uploading these videos to youtube and embedding them? Best wishes, Alex
