Compatible w JoomlaJunkie new Morph template?

Posted by mightykc - 2010/03/18 02:33

Hi all, i read in older threads that JMS doesnt work with Rocket theme's new gantry templates. i am wondering if anyone had any experience w JoomlaJunkie's new Morph template framework? thanks

Send us this template in attachement of an email.
We will check if this is compatible.
See contact us for the email.
