Hi Edwin,

I understand that you want copies sent to you of extensions to be able to inform if they are compatiblle with JMS.

We will need to buy some extensions wihich I can't find on your Tools Manager list. I would like to know if you know about those extensions and maybe give us some ideas if they will work at JMS before we buy them .

Membership Subscription by OSE– work with Virtual Mart

Sorry, I never tested this extension and I am not able to reply to your question without reviewing it.
