Has you tested Joomla Forms from Phil Taylor? For me the best form component.
http://www.forms-for-joomla.com

I can send you the files for testing.

Cheers...

Not yet.
See the list of extension
http://www.jms2win.com/component/content/article/135
or click on the "help" button in the "JMS tool" menu.

You can send us this extension in attachement of an email.
We will review it to potentially include its definition in a next version of JMS.
