Magebridge

Posted by stevejacobs - 2011/01/10 16:48

Hi
Does anyone have experience in setting up Magebridge (connector between Joomla and Magento e-commerce in the JMS Multisites environment? Should it work?

Thanks
Steve Jacobs

Would you please send us this extension in the attachement of an email for review.
You can find our email in the contact us
http://www.jms2win.com/en/contact

Hello, did anything happen with this?

We're also interested in running MageBridge and JMS together.
