Backend error
Posted by richardfv - 2012/05/14 17:02

I dont know how this happened but now whenever i click on multisite manager site i got this error

Fatal error: Call to a member function getErrorNum() on a non-object in /home/xxxsite/public\_html/administrator/components/com\_multisites/libraries/joomla/jms2winfactory.php

Can you tell us the joomla version and JMS version.
Do you also have a line number ?

Re: Backend error

\_\_\_\_\_

Versions:

Joomla! 2.5.4

Version 1.2.77 (Latest available: 1.2.87)

Patches definition Version 1.2.78 (Latest available: 1.2.81)

error line:

Fatal error: Call to a member function getErrorNum() on a non-object in /home/leechorg/public\_html/administrator/components/com\_multisites/libraries/joomla/jms2winfactory.ph p on line 451

\_\_\_\_\_\_

With Joomla 2.5.4, I recommend you to get the latest JMS version 1.2.87

See the FAQ for the procedure.
