_____

Hi,

When i download, First the latest version i got only 1.1mb, then install got an error, download again i got only 1.3mb, then my third download was 1.2mb...still got an error...

Please help me about this "Error: Sorry, but the maximum number of downloads " so i can download the full latest version. I think the .zip was 1.7mb...

Thanks,

Jeff Sohler

Dear Jeff,
when the maximum of download is reached, you can request new download ID yourself when you go in the "get latest version" menu.
See FAQ http://www.jms2win.com/faq#sec-122
