no access admin/frontend afther uninstall pacthes

Posted by smartdigital - 2010/11/22 21:24

Hello i need some urgent help here please.

afther instaaleeing the patches i changed permissions of the requested files, specialy related to VirtueMarkt and sh404sef. afttther that the pachtches were fine but had no access to my site anymore.

next i choosed Uninstall and this results in the following error: the one you receive afther an new installation.

VERWIJDER NU DE VOLLEDIGE MAP "INSTALLATION" VAN DE SERVER
U kunt niet verdergaan als deze installatiemap niet is verwijderd. Dit is een veiligheids instelling van Joomla!.
Klik hier wanneer de map is verwijderd.

"'translated. remove the installation folder from server, this is an security rule off Joomla""

Joomla! is gratis open source software vrijgegeven onder de GNU/GPL v2.0 licentie.

... there is no installation folder at the root of the domain to delete... can youplease advise how to solve this?.

many thanks

Richard
