Joomla 1.5.23 and JMS 1.2.50

Posted by fets - 2011/05/12 12:03

Is somebody had try test this configuration : Joomla 1.5.23 and JMS 1.2.50

I did it but and i have a bug JMS can't create slaves sites... so i need help please...

It works with 1.5.23 and also 1.6.3

If you don't give any detailled error message, we can not tell you what you did wrong.
