I have a website with virtuemart xxx.xx
I need to do something like this:
category №1 products xxx.xx site show the online aaa.xxx.xx
category №2 products xxx.xx site show the online bbb.xxx.xx
category №3 products xxx.xx site show the online aaa.xxx.xx and xxx.xx
it is possible to do with JMS?

NO.
VirtueMart does not allow partial sharing.

If you want a partial sharing and doing what you want, you can do that with Hikashop
