JURI::base() empty

Posted by costisefu - 2013/12/16 09:45

Hi!
After making slave site JURI::base is empty.
Why?

I don't know the context that you have to make that empty.
Perhaps that you are working on a localhost ? or other specific case that is not described.

The JURI::base should NOT be empty.
If you want that we help you debuging on your environment to identifying the reason, this is still possible with our billable support that you can order at
https://www.jms2win.com/en/joomla-multisite?page=shop.product_details&flypage=flypage_multisites.tpl&product_id=35&category_id=1
