Installation error on Joomla 3.10.4

Posted by AnyWay - 2021/12/21 20:14

Hi,
when I try to install the basic component on my joomla 3.10.4 instance, I get this error: "0 Call to undefined function each()". Any idea what could be due to?

This error is related to PHP 8.0
Use PHP 7.4 instead
