

## Error stream\_set\_blocking(): Argument #1 (\$stream)

Posted by erickhm - 2023/03/02 19:06

---

When I want to access the multisite administration panel, I get the following error:

stream\_set\_blocking(): Argument #1 (\$stream) must be of type resource, bool given

Does anyone have a solution to this error?

Joomla version: 3.10.11

PHP Version: 8.1.1

JMS multisite version: 1.3.85
